

## Terms and Conditions

### More Mobile Double Data Offer – November 2024

The offer of double data for 3 months is available to customers who sign up or upgrade to an eligible 5G More mobile plan (32GB, 50GB, 80GB and 150GB plan) between 8 November 2024 and 31 January 2025 (**Offer Period**) and continue to have an eligible plan throughout the 3 months of double data. From 29 November 2024, the More 25GB plan will switch to 5G and become an eligible plan for the remainder of the Offer Period. Customers who sign up or upgrade to the 25GB plan between 29 November 2024 and 31 January 2025 and continue to have an eligible plan throughout the 3 months of double data will also be eligible to receive this offer.

The 3 months of double data begins:

- if you have signed up for a new eligible More mobile plan, on the date of activation of that service; or
- if you have upgraded an existing More mobile service to an eligible plan, on the date of successful upgrade to an eligible service.

If you sign up, More will be your service provider for your mobile service and will handle all technical enquiries, complaints and servicing. The provision of your mobile service will be subject to More's standard terms of service and policies, which are available [here](#) on the More Website.

This offer is subject to the full terms and conditions and eligibility criteria below:

1. The Offer Period commences 8 November 2024 and ends 11:59pm AEDT on 31 January 2025. Sign-ups and plan upgrades for the 32GB, 50GB, 80GB and 150GB completed outside of the Offer Period (8/11/2024 – 31/01/2025) will not be eligible to receive this offer. Sign-ups and plan upgrades to the 25GB plan completed before 29/11/2025 and after 31/01/2025 will not be eligible to receive this offer.
2. This offer provides customers with 3 months of double data on an eligible plan (**Bonus Data**), provided that during the Offer Period:
  - a. they sign up to a new eligible More mobile service; or
  - b. they upgrade an existing More mobile service to an eligible More mobile service.
3. Customers who sign up for or complete an upgrade to the More 32GB, 50GB, 80GB and 150GB plans between 8 November 2024 and 31 January 2025 are eligible to receive this offer. Customers who sign up for or complete an upgrade to the More 25GB plan between 29 November 2024 and 31 January 2025 will also be eligible to receive this offer.
4. The 3 months of Bonus Data is a promotional period which will begin on activation of an eligible plan or successful upgrade to an eligible plan and continues to be applied at the start of the next 2 bill cycles as long as you continue to have an eligible plan (**Promotional Period**).
5. On expiry of the 3-month promotional period, your plan will revert to the standard amount of included data advertised with your plan.
6. If upgrading your existing service to an eligible plan, activation to the higher plan and the application of the double data offer will take effect upon successful upgrade.
7. You can upgrade to a higher eligible mobile plan multiple times during the Offer Period, and subject to clause 8 below, the 3-month double data will reset upon each successful upgrade.
8. If upgrading multiple times during the Offer Period, you will receive bonus data based on the amount of data included with the new plan only. Upon upgrading, you will forfeit any remaining months of bonus data received under this offer in conjunction with a previous plan.

9. If you purchase an eligible plan during the Offer Period, you must activate your service no later than 14 days after the Offer Period to receive the offer. If you fail to activate your service within 14 days after the Offer Period, you forfeit any Bonus Data available under this offer.
10. Bonus Data unused at the end of any billing period during the offer will automatically be moved to your databank for future use, up to the maximum databank cap for your service. If you reach your databank cap, unused bonus data will expire at the end of the billing period in which it is awarded. Data stored in databank does not expire but will be forfeited if your mobile service is downgraded, cancelled or terminated for any reason.
11. If you upgrade to a different eligible mobile plan after the Offer Period but before the end of your 3 months of Bonus Data, you will continue to receive the offer on your new plan for any remaining full months of the 3-month Bonus Data term, commencing from the start of your next billing period after the upgrade is completed. The Bonus Data that you receive for any remaining full months will be based on the amount of data included with the new plan. Upgrading to a different eligible plan after the Offer Period but prior to the end of your 3-month Bonus Data term will not cause this period to reset.
12. **IMPORTANT** If you downgrade plans or change to an ineligible plan at any point during your Promotional Period, you will cease receiving the double data from the date of the plan change and forfeit any remaining months of bonus data under this offer. You will also lose all data stored in your data bank (including any accrued double data).
13. Eligible mobile plans are provided on a no fixed term contract and can be cancelled at any time without charges, however this will forfeit any remaining months of Bonus Data.
14. Bonus Data is not available and does not accrue while an eligible mobile service is suspended for any reason.
15. This offer will apply to a maximum of 5 services per account.
16. This offer cannot be transferred to another person or party.
17. The offer cannot be obtained outside of the Offer Period and cannot be applied retrospectively.
18. More mobile services must not be resold and are intended for use by the account holder only.
19. If you sign up, More will be your service provider for your mobile service and will handle all technical enquiries, complaints and servicing. The provision of your mobile service will be subject to More's standard terms of service and policies, which are available on the More website [here](#).

If you have any questions about how this offer may apply to you, please contact us on 1800 733 368 or via live chat on our website.
